

Drive to Survive

Defensive Driving

Traffic incidents are a leading cause of accidental deaths! In Minnesota each year, about 600 people are killed and more than 40,000 are injured in traffic incidents. So, who really has the right of way at the intersection? What is the safest hand position on the steering wheel now that cars are equipped with airbags? Review the rules of the road and learn new information regarding today's cars, and update your driving skills. *Drivers at any age are welcome to attend the defensive driving courses. Those over the age of 55 may qualify to receive a 10 percent discount on their auto insurance following completion of the 8- hour basic course. To maintain this discount, a 4-hour refresher course is required every three years. Registration for course is mandatory, no walk-ins accepted. Register at least 1 week before the class date.* Instructors are trained and managed by the Minnesota Safety Council.

Basic Course - 8 hours

Course fee: \$25 (each section)

Number	Day/s	Date/s	Time	Location
